## VIRTUAL COCKTAIL EVENING

For those of you who can't join the meeting in-person, here is a team-building activity which works just as well online as they do in-person.

**A remote take on after-work drinks**, bringing the bar to remote participants' home.

Our expert mixologist will guide the members who are not physically present at the meeting through mixing some **amazing famous cocktails**.

Then, **enjoy your drinks together on a video conference call**, simultaneously with the physical meeting at Loano 2 Village!

This is a great way to encourage colleagues to interact with those they don't normally work with on a more common ground.
